

Isaiah Pegues

HEAD OF PRODUCT

Profile

Dynamic product leader with 8+ years of experience in AI-driven automation and user-centric design. I have successfully scaled Wercflow to 20,000 users and 2,000 B2B clients, demonstrating strong market fit and user retention. My expertise lies in integrating health technology into product strategies that enhance user engagement and drive data-driven decisions. Passionate about creating innovative wellness programs that leverage cross-functional teams to deliver impactful solutions.

Employment History

Founder & Head of Product, Wercflow, New York | Berlin

JANUARY 2022 – JANUARY 2025

- Built and scaled a two-sided marketplace for creative professionals and brands, automating onboarding, trust, and workflow processes to remove friction and drive engagement.
- Designed AI-powered tools that eliminated manual production tasks, enabling faster project collaboration and content delivery across global teams.
- Implemented product-led growth loops, growing to 20,000 users organically by embedding automation and data-driven engagement triggers.
- Created verification systems using real-world production data (projects + OCR), ensuring platform credibility without manual reviews—keeping the ecosystem trusted and scalable.

Senior Product Manager, resolution - Atlassian, Berlin

OCTOBER 2019 – DECEMBER 2021

- Led product strategy across core authentication, provisioning, and security apps, serving 2.5M+ users within the Atlassian ecosystem.
- Shifted product focus to cloud-native, user-friendly marketplace solution, moving away from legacy enterprise tooling to scalable SaaS offerings—accelerating adoption and retention.
- Introduced AI-driven automation to simplify complex security workflows, reducing setup time and boosting customer satisfaction.
- Championed a data-driven roadmap, embedding KPI/OKR frameworks to align cross-functional teams around growth, usability, and cloud migration goals.

Founder & Head of Product, Glossom, Berlin

NOVEMBER 2017 – OCTOBER 2019

- Pioneered AR-integrated UGC commerce experiences in partnership with L'Oréal, enabling beauty influencers to create interactive, shoppable content—years before social platforms adopted AR effects for retail.
- Launched and scaled a mobile platform to 500K+ downloads organically, driving user acquisition through product-led growth tactics, viral sharing mechanics, and retention-focused design—all achieved with a \$0 budget.
- Built a rapid experimentation framework, running over 50 A/B tests across onboarding, paywalls, and engagement flows—driving a 30% increase in activation rates and improving 7-day retention by 22% through data-driven optimizations.
- Leveraged data and automation to personalize user experiences, boosting retention and turning creative expression into a scalable growth engine.
