

Isaiah Pegues

PRODUCT MANAGEMENT

Profile

Built self-sustaining SaaS and mobile platforms that eliminated manual ops, triggered network effects, and scaled without bloated teams or engineering drag. I design clean UX, automate backend workflows, and launch monetization systems that drive activation, retention, and revenue—across web, iOS, and Android. I thrive in complex, full-stack product challenges—blending data, growth strategy, and technical intuition to ship fast and scale smart.

Employment History

Founder & Head of Product, Wercflow , New York | Berlin

JANUARY 2022 — JANUARY 2025

- **Built and scaled a two-sided marketplace** for creative professionals and brands, automating onboarding, trust, and workflow processes to remove friction and drive engagement.
- Designed **AI-powered tools** that eliminated manual production tasks, enabling faster project collaboration and content delivery across global teams.
- Implemented product-led growth loops, growing to **20,000 users organically** by embedding automation and data-driven engagement triggers.
- Created verification systems using real-world production data (projects + OCR), ensuring **platform credibility without manual reviews**—keeping the ecosystem trusted and scalable.
- Shipped critical features [sometimes in hours], balancing speed with stability to meet client demands and unlock new revenue/monetization opportunities.

Senior Product Manager, resolution - Atlassian, Berlin

OCTOBER 2019 — DECEMBER 2021

- Led product strategy across core **authentication, provisioning, and security apps**, serving 2.5M+ users within the Atlassian ecosystem.
- **Shifted product focus to cloud-native, user-friendly marketplace solution**, moving away from legacy enterprise tooling to scalable SaaS offerings—accelerating adoption and retention.
- Introduced AI-driven automation to simplify complex security workflows, reducing setup time and boosting customer satisfaction.
- Championed a data-driven roadmap, embedding KPI/OKR frameworks to align cross-functional teams around growth, usability, and cloud migration goals.
- Drove agile delivery of key features, cutting time-to-market and positioning resolution as a leader in Atlassian's cloud transition.

Founder & Head of Product, Glossom, Berlin

NOVEMBER 2017 — OCTOBER 2019

- **Pioneered AR-integrated UGC commerce experiences** in partnership with **L'Oréal**, enabling beauty influencers to create interactive, shoppable content—years before social platforms adopted AR effects for retail.
- Launched and scaled a mobile platform to 500K+ downloads organically, driving user acquisition through product-led growth tactics, viral sharing mechanics, and retention-focused design—all achieved with a \$0 budget
- Built a rapid experimentation framework, running over 50 A/B tests across onboarding, paywalls, and engagement flows—driving a 30% increase in activation rates and improving 7-day retention by 22% through data-driven optimizations.
